One of your employees just got an IRS wage levy? Send them to Kathleen.

You've come to the right place. ***We can help you.***

When a levy notice crosses your desk, it's a hard day for that employee. Kathleen has 25+ years in taxes and helps people work toward getting a wage levy released, with a plan that fits their budget.

How a referral works

1. Give the employee this flyer or our number.
2. Kathleen offers a free, private consultation in plain English.
3. If they want help, they sign a client agreement. Fees are quoted up front.
4. When they sign and pay, we send you a **$50 thank-you**. Have them mention your name.
